Does Human Respect Run Your Life?

By Wilfred Brinkley, editor of the United Feature Service

Recently on Route 138 a car was struck by a truck, and the driver was killed. The driver was a young man, and the truck was a big one. The driver was killed, and the truck was damaged. The driver was a young man, and the truck was a big one. The driver was killed, and the truck was damaged.

Now, you ask, could human respect be responsible for the wreck? The answer is yes. The driver was a young man, and the truck was a big one. The driver was killed, and the truck was damaged.

Human respect is a deadly vice because it leads us away from God and everlasting happiness. To be a popular guy, the life of the party, a regular Joe often demands a steep price. We may win temporary acceptance with our friends, but how do we stand with our Creator?

There is only one path to eternal happiness. Will we live and abide by the never changing teachings of Christ? Or are we willing to fall before the onslaught of human whims and settle for mere temporary popular acclaim? The decision rests with us!

SOCIAL GATHERINGS are the responsibilities of a Beta Club member. First, cards, certificates, and pennants were given out to the members. The induction service will be held later this year in assembly.

Harry Stephens and Burt Taylor were high scorers with 27 and 20 points respectively in the boys' variety game Monday night in the Bay High gym. The Bay High Tigers defeated the Pass Christian Pirates 61-47.

Pat Kennedy and Virginia Brand were high scorers for the Tigerettes with 9 and 8 points respectively.

In the "B" game Tommy Godwin was high scorer with 11 points.

Could you find a pinch of salt in 35 freight cars of sugar? That's about equal to the impurities found in germination used in Bell System transistors—only 5 parts in 100 billion.

Miss Ruth McIlhenny is home again after being hospitalized Mrs. McIlhenny has the sincere wish of her friends for continued good health.

Mr. A. Hillman is also hospitalized in the Hancock County Hospital. His friends send him a quick recovery.

Now, you ask, could human respect be responsible for the wreck? The answer is yes. The driver was a young man, and the truck was a big one. The driver was killed, and the truck was damaged.

The image is a high-contrast, black and white scan. On the left side, there is a vertical strip of material with a grainy, textured appearance, resembling a book cover or endpaper. This strip is set against a large, solid black background that occupies the majority of the right side of the image. The boundary between the textured strip and the black area is slightly irregular.

The image is a vertical scan of a document page. It is characterized by extreme contrast, with a bright, almost white vertical strip along the left edge, likely representing the page's binding or gutter. The rest of the page is predominantly black, with a dense, grainy texture of white specks and noise throughout. No legible text or distinct graphical elements are visible.

INCOME TAX
Hancock County farmers have been advised to file their income tax returns in time to receive the refund which will be made.

Depreciation of machinery and equipment for new or used farm personal property which you bought after January 1, 1953, you can write off 20 percent of the cost as first-year depreciation. This is in addition to the regular depreciation.

Here is an example—Suppose you bought a "baler" last January for \$2,000. It had an expected life of 10 years. You could take a 20 percent depreciation for 1953 of \$400. Then from the remainder of \$1,600, less salvage value of \$200, take 10 percent (160) and add this to the \$400 and your total depreciation allowed is \$560. Under the old "straight line" method of depreciation you would have been \$160.

Remember though, the new system will make the deduction smaller in coming years, so there won't be much difference in the long run. It could help a farmer who needs the added deduction in a year of high farm income.

The second change is in the net operating losses. You can now carry them back three years instead of two offset past profits. Losses not fully offset in the past three years can still be carried forward.

This change may help farm family corporations. Losses not fully offset in the past three years can still be carried forward. This change may help farm family corporations. Losses not fully offset in the past three years can still be carried forward.

WEED CONTROL
January is an ideal month to spray pastures for dock control. On warmer days of the month spray with one pound of amine 2,4-D. This will kill all dock that is growing.

Small grain areas that have dock growing in them can also be sprayed for dock control. Provide no feed, wild winter peas, crimson clover or red clover is growing with the small grain.

Amine 2,4-D can also be used to knock down wild onions in temporary grazing areas and get them out of the way of cows. This will help prevent onion flavor in the milk. Such spraying will begin right away.

Telephone Engineers Would Dry Sand Ocean

They had been built by Bell Laboratories Engineers, who for the first time give us an idea of what happens to cables resting on the ocean floor between continents. J. C. Delaney, local manager, said today.

The man-made ocean, the only one of its kind in the world, will help Bell Scientists to examine cable "aging" the changes which may occur as the telephone cable rests on the floor of an ocean. The "ocean" built in Chester, N. Y. has been constructed to duplicate conditions existing two nautical miles deep in the sea.

For better design of cables and submarine systems, Bell Laboratories engineers wanted to know whether cables age, the amount of aging, why the aging takes place and what physical changes in cables constitute aging. The answers to these questions would require either actually laying a test cable in the sea and making measurements during the period of sea exposure or building a land-based ocean.

The cable which finally is left in the simulated ocean will be subjected to tests lasting from five to ten years. The undersea laboratory is expected to be completed in late November with the tests beginning shortly thereafter.

The aging characteristics of cables are of vital interest to the Bell System because of the enormous underwater cable network built into their communications system. The systems major cables span the depths of the Pacific Ocean to Hawaii and the Atlantic Ocean to England. Mr. Delaney said.

40 MILLION BARRELS OF OIL PRODUCED
Mississippi's total oil production for the calendar year, 1953 was approximately 40,000,000 barrels of crude worth an estimated \$104,000,000. This state today ranks as the ninth largest producer and the outlook for 1954 is for expanded production. An increase in drilling during 1953 is anticipated, and by the same token, more fields should be discovered in 1954 than in the year just past.

The Delta portion of the state is receiving renewed interest and no doubt will have a number of exploratory wells drilled during the year. North and east Mississippi had little drilling during 1953, but should see an increase in activity in this area.

have to be done on small grain where there is no legume that 3-4-D will injure.

DAIRYING
"Make dairy cows pay, the record way. Milk the best and sell the rest." This is good advice for a dairyman who expects to make a profit from his dairy herd.

Regular Meeting Of B.W. Y. C. Was Held Thursday, January 8th.

The regular monthly meeting of the Bay-Waveland Garden Club was held Thursday, January 8, at "Little Mirador," the home of Mrs. Ruth Luderbach.

One of the highlights of the meeting was the showing by John Geyer of colored slides of prize winning camellias in various shows.

Mrs. Eugene Mogabgab gave timely tips on gardening for the month and displayed a lovely camellia arrangement.

Mrs. Ben Hille, Sr., chairman, announced that the Camellia Show would be held at the Knights of Columbus Hall, February 14 and 15. She solicited the help of members to make it a success.

A resolution was passed unanimously bestowing an honorary membership to Miss Louise Crawford, who has been librarian for the club for many years. It was given in recognition of her interest and work in the club.

Co-hostesses for the afternoon were, Mesdames F. H. Embrey, R. A. Steinmeyer, Myron Veronica Hugh Miller, Misses Veronice Mohr and Elsie Spoor and Mesdames J. B. Martin, Charles Lozano, J. B. Martinez and Rogers Reinike.

HALL OF FAME

Frances Kate Hays, president of Student Government at Mississippi State College for Women is the first student to be named to the MSCW Hall of Fame this year.

Miss Hays, a Sardinian senior, was elected by the MSCW student body for her "leadership, friendliness and talent on campus," according to "The Spectator," MSCW campus newspaper and sponsor of the annual event.

Five other students were also selected for the campus honor. They will be announced in "The Spectator," one name each for five successive issues.

The Navy's Vanguard 1, now in orbit around the earth, contains two important developments of telephone research. Bell Solar Batteries power one of the satellite's two radios. High frequency transistors enable them to report data back to earth.

CHANCERY SUMMONS THE STATE OF MISSISSIPPI No. 8055

To FRANK P. BATTERFORD, SR., a non-resident citizen of Hancock County, Mississippi, whose post office address is 1927 Marzant Street, New Orleans, Louisiana.

You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on the THIRD Monday of February, A. D. 1954, to defend the suit No. 8055 in said Court of THELMA SWEARINGEN BATTERFORD, wherein you are a defendant.

This 13th day of January, A. D. 1954.

By: Marie E. Quintini, D. C. 1/15/4times.

ADVERTISEMENT FOR BIDS

Sealed bids will be received by the Hancock County School Board, Bay St. Louis, Mississippi to be delivered to the office of County Superintendent of Education on or before 1:30 p. m. on the 2nd day of February, 1954 at the Courthouse in Bay St. Louis, Miss. for one or more sewing machines, one floor machine, and one vacuum cleaner for North Central School.

Specifications are on file in the office of the Superintendent of Education and may be obtained there.

The Board reserves the right to reject any and all bids. Done by order of the Hancock County School Board on Saturday, January 10, 1954.

(Signed) E. E. BRELAND, Secretary, Hancock County School Board.

1/15/3times.

After Society Meeting, Margarets Held Regular Joint Meeting Jan. 8

The After Society and the Margarets Daughters held their regular monthly meeting January 8 at Our Lady of the Gulf Parish House.

Plans were discussed for repairing and making new altar, Mrs. George Stevenson was appointed chairman of the sewing committee, and Mrs. M. A. Phillips, Jr., was named chairman of the membership drive to be held this month.

The need for a new cope was discussed, and the donation of one was made by Mrs. E. M. Bright.

A report was given on the veterans Christmas party hosted by the St. Margarets Daughters and the NCCW. St. Margarets Daughters will entertain the veterans at the Gulfport Hospital January 17.

A report was also given on the Christmas baskets which were made up by the organization and distributed to the needy of the community. The baskets consisted of canned goods collected by the local Rotary Club at their Christmas show at the A&G Theatre.

Rev. Msgr. Martin Moloney briefly discussed the two-week mission which began Sunday, January 18, at Our Lady of the Gulf Church and asked the group to pray for its success. The retreat will be conducted by Rev. Maurice Kennedy and Rev. Joseph Flister of the Redemptorist Order.

Mrs. V. J. Piazza, president of St. Margarets Daughters, said she is in need of an electric heater for a needy family and is asking anyone who may have one that is not in use to contact her.

Hostesses for the social hour were Mrs. Stella Gex and Mrs. Douglas Bourgeois.

The next meeting is scheduled for the first Thursday in February.

MISSISSIPPI MEANS BUSINESS

Manufacturing employment reached a new high (113,000 in October) in Mississippi in 1953. Total non-agricultural employment also hit an all-time high of 378,200. More new industries were announced in Mississippi in 1953 than for any previous year in the state's history. Bank deposits also hit a new all-time high in 1953. Mississippi is still primarily an

Miss. Southern College Theatre Department is Accepting Applications

Hattiesburg, Miss.—The Mississippi Southern College Theatre Department is now accepting applications for enrollment in its Summer theatre Program for college students, to be held at the beautiful, Mississippi Gulf Coast.

This will be the inaugural session of this Summer Stock Company, which will be held at the Pas-Point Little Theatre. A limited number of students will be selected to study and work with the company in an 11-week program, for college credit.

Beginning on June 9, the program is designed to give intensive and thorough training and experience in all the varied phases of theatrical art to those students accepted. Those successful in completing the course will receive credit for a full summer quarter's work, in terms of course hours.

Applicants must be high school graduates. The program will be supervised by Dr. Gilbert F. Hartwig, chairman of the Department of Speech at Mississippi Southern, and Robert M. Treser, Director of Theatre, who has worked with professional companies in the East and Southwest.

Located in one of the country's finest resort areas, the Southern Summer Stock Company will provide exceptional instruction and experience in theatre with excellent dormitory and theatre facilities.

The program will be supervised by Dr. Gilbert F. Hartwig, chairman of the Department of Speech at Mississippi Southern, and Robert M. Treser, Director of Theatre, who has worked with professional companies in the East and Southwest.

CARD OF THANKS

I wish to express my thanks and appreciation for kindness shown to me at the death of my husband, Roy L. Dennis, especially to Rev. Atkinson, Rev. Ellison, Rev. Kenneth Rouse, Fahey-Whitfield Funeral Home and Dr. Martinolich, Members of the Masonic Order, relatives and friends.

MRS. ROY L. DENNIS

CARD OF THANKS

We wish to express our sincere thanks to our many friends and to Fahey Funeral Home for the kindness and sympathy shown at the time of the death of our father, Paul Charles Weathers.

Many thanks for the floral offerings and other messages of condolence.

JOHN A. WEATHERS AND FAMILY
